Shooting Star

Expatriate

Save my heart
For all of time
If you're going to open up
Well, come and pay the priceAnd take this love
Take it to the streets
Burn down everything
Till you see it all completeMy body, it moves
Like a shooting star
My body, it moves
Like a shooting starUnderneath the stars
They were fading into life
Love was full of slaughter
We moved out of the nightMy body, it moves
Like a shooting star
My body, it moves
Like a shooting starMy body, it moves
Like a shooting star
My body, it moves
Like a shooting star
Star, star, star
