The Scratch

7 Year Bitch

I want it
Give it to me
I love it
Don't give it to her
You've gotta give it to meI want it
I saw it first
I want it worseI love it
Give it to meI love it
I love it
Give it to meSo maybe I didn't see it first but I'm the one who wants it worse
I don't even know what I'm wantin' yet but I know I'm wantin' somethin'
I don't even know what I'm missin' yet but I know I'm missin' somethin'
And if this is my name does it have to be my life
'Cuz I'm not gonna sit around while your with your wifeI want it
Give it to me
I love it
Don't give it to her
You've gotta give it to meMe, me, me
Me, me, meYeah I wouldn't know when to share and I'm suprised that I shoud dare
Well I'm the bitch and you got the itch I'm sorry said go fish
Yeah I'm the bitch and you got the itch I'm sorry said go fishShe didn't have it
He didn't have itI will have my cake and I will eat it too just like you
You better watch out what you're wishing for
I will have my cake and I will eat it too just like you
