

Look Alive!

Incubus

The hardest thing is rendering
A moment moving too fast to endure
But you abide and smile wide
'Cause I want to remember this for sure You can give me guns and politics and
I'll just make a mess of it, ya know
Give me all the sustenance and the
Wiser, wider part of me will show, yeah, yeah, yeah A picture says with sight what we can't say with words
But you've been walking eyes to feet in dark sunglasses
A picture will survive so smile and look alive
The camera lens is opening, the wider angle's yours Yeah, every empty one of us have methods
To quell the madness of this pace
But yours have led and running south like
Jealous storm has carried down your face You could take that wait and all that fuss so
Now just get the best of us, ya know
Give me love not suicide and the wise
Wider part of me will show, yeah, yeah A picture says with sight what we can't say with words
But you've been walking eyes to feet in dark sunglasses
A picture will survive so smile and look alive
The camera lens is opening, the wider angle's yours Look alive, smile
Smile and look alive
Smile, smile and look alive, yeah, woah, ohh A picture says with sight what we can't say with words
But you've been walking eyes to feet in dark sunglasses
A picture will survive so smile and look alive
The camera lens is opening, the wider angle's yours A picture says with sight what we can't say with words
But you've been walking eyes to feet in dark sunglasses
A picture will survive so smile and look alive
The camera lens is opening, the wider angle's yours
The camera lens is opening, the wider angle's yours Look alive
Smile, smile and look alive
Yeah, smile and look alive
Yeah, woah
