Thank Him For Today

The Supremes

Sky is clear, the sun is shining
The trees follow a path made by the wind
Ooh, I smile, friends are caring
Beautiful people always sharing
Thank Him for today, oh, thank Him for today

(Thank Him, thank Him, thank Him for today
Thank Him, thank Him, thank Him for today)

Don't let a tear
Don't let a tear fall from your loving eyes
Smile, smile
Don't let a frown, don't let a frown
From others get you down
Smile, smile

Come with me, I'm so happy
I'll make you smile and tears will just go away
Ooh-ho, 'cause I know, I have tried it
And I shall always, always live by it
Thank Him for today, oh, thank Him for today

Come with me, I'm happy
I'll make you smile and tears will just go away
Ooh, I know 'cause I have tried it
And I shall always, always live by it
Thank Him for today, oh, yeah thank Him for today
(Thank Him) Thank Him for the flowers
Thank Him for today (Thank Him)
Thank Him for every hour
Thank Him for today (Thank Him)
