

Shelter (John Talabot Feel It Too remix)

The xx

I find shelter, in this way
Under cover, hide away
Can you hear, when I say?
I have never felt this way Maybe I had said, something that was wrong
Can I make it better, with the lights turned on
Maybe I had said, something that was wrong
Can I make it better, with the lights turned on Could I be, was I there?
It felt so crystal in the air
I still want to drown, whenever you leave
Please teach me gently, how to breathe And I'll cross oceans, like never before
So you can feel the way I feel it too
And I'll mirror images back at you
So you can see the way I feel it too Maybe I had said, something that was wrong
Can I make it better, with the lights turned on
Maybe I had said, something that was wrong
Can I make it better, with the lights turned on Maybe I had said, something that was wrong
Can I make it better, with the lights turned on
