

Have You Seen Me?

Gwar

Mommies, I've been stealing your babies
I gag the brat and then maybe
I'll suck out his brain You know
Dead kids, they're making me feel almost hard
Go get one from the school yard
He bled like a stuck pig Have you seen me?
Have you seen me?
Have you seen me?

Me

Have you seen me? Have you seen me?
(Have you seen me?) Suckle my bloated love knuckle
Just like Fatty Arbuckle
I'm gay and I'm proud
I'm gay in happy way That right
Faggot and a corpse full of maggots
I wanna blow cum not bag it
Goddammit, I'm horny (Have you seen me?)
It's just a dead child
An object I've defiled
Yes I know its wrong
You'd rather that it was your mom? (Have you seen me?)
It's just a dead child
An object I've defiled
Yes I know its wrong

You'd rather that it was your mom? Your mom, my mom, our mom, any body's mom Have you seen me?
Have you seen me?
Have you motherfucking seen me? Have you seen me?
Have you seen me?

Me

Have you seen me?
Have you seen me Sated, now that I masturbated
I'm in love but I'm hated
I don't follow the crowd
But I said you Your covered in vile spew
My filthy chunks are all over you
My filthy, filthy, filthy chunks
My filthy, filthy, filthy
