The Ship

Luc van Acker

I've gone up and down
From truth to doubt,
And now that you're far gone
I cast aboutThe ship is lost and tired
Because I know you lied
The way you're so unclear
Without a love to stearEvery chance I take
Takes more and more
Things get lost or break
Without a more
The ship is lost and tired
Because I know you lied
The way you're so unclear
Without a love to stearEvery place I go
I know you will
Follow me and so
I wait and still
The ship is lost and tired
Because I know you lied
The way you're so unclear
Without a love to stear
