Left Behind

Up Front

can't you get it through your head
I don't like the way things used to be
won't you ever understand
the way I was just wasn't for meI really wish that you would try
to understand my reasons why
I changed for the better, I'm proud to say
goodbye to what I threw awaytimes have changed and so have I
I've learned a lot, my knowledge grew
what held me back I left behind
if you can't accept it then I'll leave you toowhen I stopped I looked around
I left behind what was keeping me down
