

It's Only Love

Elvis Presley

I see the the sunlight in her hair
I feel the warm smile that she wears
She has no recipe for love
But I just can't get enough From the distance of my mind
Clock that's ringing says it's time
Wake up to my destiny
It's time to face reality It's only love that I feel inside
But I'll get by somehow
It's only love
There must be something else for me, girl I tell myself that it's not real
There's nothing left for me to feel
I'll just be going on my way
Tomorrow brings another day It's only love that I feel inside
But I've got to be strong, my mind's made on
It's only love but I know I'll get by
I'll take my heart and my pride
And just throw it aside It's only love, it's only love
It's only love, it's only love
It's only love, it's only love
