

From My Cold Dead Hands (Album Version)

Combichrist

A god decaying
A starving faith
My world has fallen
Let's start a war
Miseducation
A sacrifice
A modulation
Of all our hateMachines are praying
We are the bait
A dark upon us
We'll start to fall
A presentation
We fight with pride
HumiliationFrom my cold dead handsDo what I wanna do
Say what I wanna say
They wanna take it away
From my cold dead hands
The price of being free
And what it means to me
They wanna take it awayFrom my cold dead handsDo what I wanna do
Say what I wanna say
They wanna take it away
From my cold dead hands
The price of being free
And what it means to me
They wanna take it awayThey try to hold us
Held by our necks
The air is changing
Breathe poison gas
An absolution
We'll get there fast
They will enslave us
My mind is free
A new world order
Where we'll be slaves
Under a system
Control our lives
Where we'll be punished?
For how we live

Elimination

Free will is killed From my cold dead hands Do what I wanna do

Say what I wanna say

They wanna take it away

From my cold dead hands

The price of being free

And what it means to me

They wanna take it away Fallen nations got away

Lives are changing

We're the prey

Time is changing

We're at war

What we're breathing

Fighting for Do what I wanna do

Say what I wanna say

They wanna take it away

From my cold dead hands

The price of being free

And what it means to me

They wanna take it away Do what I wanna do

Say what I wanna say

They wanna take it away

From my cold dead hands

The price of being free

And what it means to me

They wanna take it away Do what I wanna do

Say what I wanna say

They wanna take it away

From my cold dead hands

The price of being free

And what it means to me

They wanna take it away Do what I wanna do

Say what I wanna say

They wanna take it away

From my cold dead hands

The price of being free

And what it means to me

They wanna take it away
