I Believe In You

Kim Wilde

Did I say something wrong
Well if I've hurt you then tell me now
Don't let your fear surround you
Why don't you talk to me

Well I know what you want
And I know what you need
But believe me baby
They may not be the same
Think it over

Deep in my heart
There's a place that only you can find
But still there's a part
Of my life wrapped in confusion
I can't tell you I'm in love
But I can't stand to lose you
Please believe me when I say I do
I believe in you, believe in you

Some people believe in love
I'd rather believe in something real
Something that lasts forever
That's why I'm still with you

So you're head over heals
And I know now it feels
But believe me baby
It won't be the same
When it's over

Deep in my heart
There's a place that only you can find
But still there's a part
Of my life wrapped in confusion
I can't tell you I'm in love
But I can't stand to lose you
Please believe me when I say I do
I believe in you, believe in you

These worlds I say aren't meant to hurt
I only want to save you pain
We'll find a way
To change your heart
And throw away these chains of love
