# You Let Me Rust

## Shannon and The Clams

Alright
Take my time checking my style wondering nowhere
All this time spinning my head pretending I don't care
But its driving me crazy
I don't know what to say
I don't know what to do
Baby I've been thinking that I should be with you[Chorus:]
If I fall into your arms tonite
Will you let me stay forever
If I could fly into your arms desire
If I could fall let me fall with youMysterfied
Feeling inside making my soul sing
Tongue gets tied
Its beating my heart letting that phone ring
And its driving me crazy
I don't care what they say
I don't care what they do
When all this is over I should be with you[Chorus]
Let me fall with you
Let me fall with you
Put my life in your hands
With my heart on my sleeve
As long as your beside me love is all we needCatch me when I fall we can have it all
As long as were together
Won't you promise me
Catch me when I fall we can have it all
As long as were together[Chorus]
