

It Don't Satisfy Me

[Roger Daltrey](#)

Wheeling, dealing drives me crazy
Sometimes feel I'm goin' insane
Magic moments, high rents, pretense, I can't do the same again
My place, your place, slapped face, rat race I wonder, will I ever be free
Or is freedom something I'll never see?
'Cos it don't satisfy me, satisfy me, satisfy me
Don't satisfy, no, no High lights, low lights, slit skirts, no tights
Sometimes feel I'm getting too old
TV's Bee's knee, late night movies, people thinking brass is gold
Turn 'round, slow down, feeling low down, I can't keep goin' on this way 'Cos if that's all life is all I can say
Is it don't satisfy me, satisfy me
No, no, Lord, I'm goin' Satisfy this craving to keep finding somethin' new
Satisfy this feeling that I'm never gettin' through Don't satisfy me, don't satisfy me
No, no, no, no, it don't, don't satisfy me
'Cos it don't, don't satisfy me, don't satisfy me
No, don't satisfy me Satisfy, satisfy this craving to keep finding somethin' new
Satisfy this feeling that I'm never gettin' through
Don't satisfy me, don't satisfy me, don't satisfy
