Why Me Black Brother Why

The Mighty Diamonds

Why me black brother why, dis robbing and killing?
Why me black brother why, dis looting and shooting?
Why me black brother why, you ruling your mumma?
Why me black brother why, you mash up your puppa?
What you gonna do when de voice say come?
Remember the day of judgment.
Pick up your guns and you go to town,
See your black brother and you shoot dem down.
That's wrong!

No me black brother no, no bother with no tribal.
No me black brother no, it only cost a trial.
No me black brother no, you chop up all your brother.
No me black brother no, now you beat your black sister.
Yeah

Why me black brother why, you ruling your mumma?
Why me black brother why, you mash up your puppa?
No me black brother no, no bother with no tribal.
No me black brother no, no beat your black sister.
What you gonna do when de voice say come?
Remember the day of judgment, yeah.
Pick up your guns and go to town,
See your black brother and shoot dem down.
That's wrong!

Why black brother why, dis robbing and killing?
Why me black brother why, dis looting and shooting?
Why me black brother why, you ruling your mumma?
Why me black brother why, you mash up your puppa?
