Fidel Don't Mind by Tommy Vixon

Verse:

I got my Cuban cigars, and a bottle of rum.  
Are coming home with me.  
I hope Fidel don't mind  
I hope Che' Guevara gonna save me  
and I hope they see, that it's much betta  
when you have love and only what you need.

Chorus:

I hope thy Americans, don't take over the world. no no  
I hope Mother Russia, don't take over the world, no no  
I hope Great China, don't take over the world, no no  
I hope thy Americans, don't take over the world, no no

Verse:

And the security guards,  
Skinny dipping in the pool with us.  
Having the time of our lives.  
I hope Fidel don't mind.  
I hope Che' Guevara, gonna save ya  
and I hope they see, that it's much betta  
When you have love and only what you need

Chorus:

I hope thy Americans, don't take over the world. no no  
I hope Mother Russia, don't take over the world, no no  
I hope Great China, don't take over the world, no no  
I hope thy Americans, don't take over the world, no no
