Love Joint

Outlandish

The most incredible dame
style and grace fame
all up in my face
pretty delicious - Cleopatra
really wanna do this chapter
light skin - she's a Muslim
got my mamma thinking real thoughts
"where's my grandkid???"
wears a scarf
but I see her beauty with it or off
don't nobody knows the deal but me and my lord
deep thoughts I filling my mind (hitting my brain)
with adrenalin (like a train)
like she and my child (feeling no rain)
calling my name
me the king - she the queen
wearing my ring
got me feeling so loco
24 constantly - never thought so
instantly like automatically
mentally lost in space
but I'm fitting in perfectly
feeling alive
energetic like a samurai
really really high
got me feeling pacified
keep u to my self
u're classified under my distraction
I'll be your bullet proof vest
u're under my protectionCorazonado
Prohibidamente enamorado
Locamente apasionado
Y mi sueo es
Estar contigo como la primera vez
Pas lo que pas
Digan lo que digan
La nia ms bonita eres tu solo tu
Si mi amor solo tu que conoces
Mi forma de rer y mi forma de llorar

Te llevo preservada en mi corazn
Tengo el sabor de tus labios en los mos
Tus ojos perfectos como la noche
Cabello como seda que al tocarlo me enloquece
No lo quiero pero estoy
En la crcel del amor
Cupido me ha pillado
Felizmente encadenado[Translated]
Love hinted
Forbidden in love
Madly passionate
And my dream is
To be with you just like the first time
What must be, must be
They can say what they say
The most beautiful girl, that's you
Yeah you my love one, only you know
My way of laughing, my way of crying
I preserve you safe in my heart
I get the flavor of your lips in mine
Your eyes, they're perfect like the night
Hair like silk, when I touch it, drive me crazy
I don't want it but I found my self
In the love-jail
Cupid has pillaged me
I'm felicitously chained.I'm in deep thought
I didn't want to get caught
U had me from the start hard to live my life without u
U like a soul penetrating slug
For which I'll mug
A deadly hug
U make no sense are u for real
janat ki tu hoor
Chasmebadoor
You're aroma
Putting newcomers in comas
Ready to spend coroners
Down to my last dime
While other pass u around
I keep u close to the last round
4 real mai tera ranhja
Baby got me high like ganjha
I'm elevating as soon as me and u collaborating
I'm hallucinating but who cares
U take away tears

Enable me to face the world without fears
U killing me softly with your innocent grace
An amazing creature with a heavenly grow in your face
I got no time to waste cause stakes are high
You and I like Bonnie and Clyde
Imagine us rise[Bridge:]
My lady
Got me feeling - got me open - got my needs
All I want that she got
My girl
Everyday and everyway in anyway
