

# Like Home (Original Mix)

**Nicky Romero & NERVO**

Love the way they all keep talking  
Everybody likes the sound  
But no one ever hears me crying, crying out You make it feel like home  
You make it feel like home  
Like home Like home  
Like home  
Like home  
Never been so scared of losing But never understood the calm  
So take me where I wanna be - back in your arms  
Cause you make it feel like home  
You make it feel like home  
Like home  
Like home  
Only you only you only do this  
Only you only you only do this  
And it's never the same cause  
You make it feel  
You make it feel like home
