Within My Heart

Dead by April

You remember me, you remember us
It was magical when I felt your touchIt's a strong memory still today
It feels so good with your body close
Those days are gone, time flies away
And it's what I'm dreaming of still today(I'm sad to see that this was all we had
But within my heart you'll have a place deep within my heart
A special place for you
No matter what was said and done within my heart
You'll always be inside my heart as long as I live)Every little beat within my heart
It's still beating for us
Every little piece of my heart
It's still longing for us
I am not strong enough, I know
I cannot ever let you go
Within my heart, within my heart
(Within my heart, within my heart)
Within my heart, within my heartIn my heartWhat once was strong and filled with passion
Has withered away and turned to nothing
But you're all I'm dreaming of still today
(It's sad that what we had is dead and gone
But within my heart, you'll have a place within my heart
A special place forever, no matter what happens
You have a place in my heart, within my heart
For eternity)Every little beat within my heart
It's still beating for us
Every little piece of my heart
It's still longing for us
I am not strong enough, I know
I cannot ever let you go
Within my heart, within my heart
(Within my heart, within my heart)
Within my heart, within my heartEvery night I have this dream
Will I find the right way back again
Into your open arms?
Every night you're in my dreams
And I know that we will meet again
It's written in the stars
And within my heartEvery little beat within my heart
It's still beating for us

Every little piece of my heart
It's still longing for us
I am not strong enough, I know
I cannot ever let you go
Within my heart, within my heart
Within my heart, within my heart
