

Do Without

Angus & Julia Stone

Can't remember your face
Can't remember your face
Can't remember the place
You didn't need me anyhow Can't remember your mouth
Can't remember your mouth
Can't remember the house
I didn't need you anyhow We do without x4 Can't remember your place
Can't remember your face
Can't remember the house
I didn't need you anyhow We do without x3 Ah, you said want it
So come and get it now
Can see ya need it
So come and get it now Can't remember your face
Can't remember the house (place)
Can't remember your mouth (place)
You didn't need me anyhow
