

# His Love

[Sara Lyn Baril](#)

When the Storms of life grow strong and you think you can't hang on  
Remember the love the Savior has for you  
For He knows us all by name and He loves us each the same  
Through Him we are healed our hearts can be made pure

Chorus:

If we only knew or could even comprehend  
His great love for us; a love that never ends  
He brought sight to the blind; the lame man walked with Him;  
By our faith in His love, we too can be whole again

Even in the darkest night, Jesus Christ is our True Light  
Through Him we find hope and greater peace within  
He suffered for our sins; death was conquered; life was given  
If we will repent and strive to follow Him

Chorus:

If we only knew or could even comprehend  
His great love for us; a love that never ends  
He once said, "Go thy way, thy faith had made thee whole."  
And if we trust in Him, His love sanctifies our souls

If you find you light grows dim, lift your heart and eyes to Him  
Or Savior is there to gently guide you home  
For He hears each prayerful cry and He knows each reason why  
He felt every pain and sorrow for each sin

Chorus:

If we only knew or could even comprehend  
His great love for us; a love that never ends  
In the peace that He brings we find we can endure  
By our faith in His love, the way back to Him is sure
