

Just Push Play (Album Version)

Aerosmith

She gave you a flower
The one that God gave her
You all up in de kool-aid
But you do not know the flavor
Get into the zone baby
And do yourself a favor
Head down spin around
Get a little refried
If that don't get it you can
Flip it on the b side Just push play
Out of the way
Just push play
They're gonna do it anyway
Just push play
Right away
Just push play
We're comin' at you anyway Sweet leaf dreamer
You been smoking up the ganja
Damned if you do yeah
But don't get any on ya
Kickin' off the cashmere
Putting on the kasbah
It's a kiss, a diss
And trade it for a coo hah Just push play
Out of the way
Just push play
They're gonna do it anyway
Just push play
Right away
Just push play
We're comin' at you anyway Instead of growin' old
All dapper and neat
I'm gonna grow my hair
Right down to my feet
It's you and me baby
No pimp daddy jack
It's Cadillac wack no Cadillac wack back Just push play
Just push play
They're gonna do it anyway

Just push play
You're alright
Just push play
Everybody's dancing So DJ
You gotta play anyway
Walk this way
We're comin' at you anyway Just push play
Out of the way
Just push play
They're gonna do it anyway
S'il vous plait
Right away
Just push play
We're comin' at you anyway We're comin' at you anyway
