Sick of Goodbyes

Advisory - the following lyrics contain explicit language:

If I could just keep my stupid mind together
Then my thoughts would cross the land for you to see
No one sees you on a vampire planet
No one sees you like I doSeconds click in which I'm changed to dust
Whithered roots of knots and hairy rust
No one sees you on a vampire planet
No one sees you like I doI'm so sick
Of goodbyes, goodbyes
I'm so sick
Of goodbyes, goodbyes
GoodbyesThe night comes crawling in
On all fours
Sucking up my dreams
Through the floorI'm so sick
I'm so sick
Of goodbyesI'm so sick
Of goodbyes, goodbyes
I'm so sick
Of goodbyes, goodbyes
I'm so sick, so sick, so sick
Of goodbyes, goodbyes
I'm so, I'm so sick
