

# This Love

Jaci Velasquez

Love has got a way of making colors fade  
No intentions here, prejudice or fear  
There are no rules to play or judgments to be made  
If beauty has grace, let her stay 'Cause Heaven is a place that we can run to, me and you  
In God's eyes we're all the same so be you and I'll be me  
Don't be afraid in the light there is no weight, have faith  
This love is for everyone, this love is for everyone  
This love is for everyone Silence is a spell, lose your sense of self, yeah  
I'm trying to explain this liberating change  
No formula or key, it's all for free 'Cause Heaven is a place that we can run to, me and you  
In God's eyes we're all the same so be you, I'll be me  
Don't be afraid in the light there is no weight, have faith  
This love is for everyone, yeah, this love is for everyone, now  
This love is for you Wherever your faith  
Whether you're changed, it's okay  
There are no conditions  
Loving arms will never fail, no Heaven is a place that we can run to, me and you  
In God's eyes we're all the same so be you, I'll be me  
Don't be afraid in the light there is no weight, have faith  
This love is for everyone, this love is for everyone, yeah  
This love is for everyone I need love, yeah  
Give me love, yeah  
I need love, yeah  
Give me love, yeah I need love, yeah  
Give me love, yeah  
I need love, yeah  
Give me love, yeah
