# The Resolution

## The Polaroid People

There's a lot that I don't know
There's a lot that I'm still learning
But I think I'm letting go
To find my body, it?s still burning
And you hold me down
And you got me living in the past
Come on and pick me up
Somebody clear the wreckage from the blast
Yeah, I'm alive
I don't need a witness
To know that I survived
I'm not looking for forgiveness
Yeah, I just need light
Light in the dark as I search for the resolution
And the bars are finally closed
So I try living in the moment
'Til the moment it just froze
And I felt sick and so alone
I can hear the sound
Of your voice still ringing in my ear
I'm going underground
But you'll find me anywhere I feel
Yeah, I'm alive
I don't need a witness
To know that I survived
I'm not looking for forgiveness
Yeah, I just need light

I need light in the dark as I search for the resolution
I need light in the dark as I search for the resolution
(Tomorrow back from hell)
Resolution
(Some stories I will never tell)
Resolution
(And yeah, I'm almost home)
And you hold me down
Yeah you hold me down
Yeah, I'm alive
I don't need a witness

To know that I survived
I'm not looking for forgiveness
Yeah, I'm alive
I don't need a witness
To know that I survived
I'm not looking for forgiveness
Yeah, I just need light
I need light in the dark as I search for the resolution
I need light in the dark as I search for the resolution
I need light, I need light
Light in the dark as I search for the resolution
(Resolution)
Light in the dark as I search for the resolution
(Resolution)
Light in the dark as I search for the resolution
