

# The Remembering: High The Memory

## Yes

As the silence of seasons on  
We relive abridge sails afloat  
As to call light the soul shall sing  
Of the velvet sailors course on  
Of the velvet sailors course on  
Shine or moons send me memories trail  
Over days of forgotten tales  
Course the compass to offer  
Into a time that we've all seen on  
Into a time that we've all seen on  
High the memory carry on  
While the moments start to linger  
Sail away among your dreams  
The strength regains us in between our time  
The strength regains us in between our time  
As we shall speak to differ also  
The ends meet the river's son  
So the ends meet the river's son  
Ours the story shall we carry on  
And search the forest of the sun  
We dream as we dream, dream as one  
And I do think very well  
That the son might take you silently  
They move fast, they tell me  
There's someone, rainbow, alternate tune  
In the days of summer so long  
We danced as evening sang their song  
We wander out the day so long  
And I do feel very well  
That the evenings take you silently  
They move round, sunlight, seeing ground  
Whispers of clay, alternate ways  
Softer messages bringing light  
To a truth long forgotten on  
As we shall speak to differ also  
The ends meet the river's son  
So the ends meet the river's son  
I reach over and the fruit of life stands still  
Stand awhile we search our past anew

The music sings of love you knew  
We walk around the story  
Out in the city running free  
Sands of companions sides that be  
The strength of the meeting lies with you  
Wait all the more regard your past  
School gates remind us of our class  
Chase all confusion away with us  
Stand on hills of long forgotten yesterdays  
Pass amongst your memories told returning ways  
As certain as we walk today  
We walk around the story

Out in the city running free  
Days pass as seconds turn the key  
The strength of the moment lies with you  
Don the cap and close your eyes  
Imagine all the glorious challenge  
Iron metal cast to others, distant drums  
Force the bit between the mouth of freedom  
Didn't we learn to fly  
Remember to sail the skies  
Distant suns will we reach  
Winds allow other skylines  
Other skylines to hold you  
Relayer, all the dying cried before you  
Relayer, we've rejoiced in all their meaning  
Relayer, we advance, we retrace our stories  
Like a dreamer all our lives  
Are only lost begotten changes  
We relive in seagulls pages  
Outward ways  
Things are all in colors  
And the size of others shall send you forward  
Arranged to sail you toward  
A peace of mind, will we reach  
Winds allow other skylines  
Other skylines to hold you  
Relayer, all the passion spent on one cross  
Relayer, sail the futile wars they suffer  
Relayer, we advance, we retrace our story  
Fail safe now  
Stand on hills of long forgotten yesterdays  
Pass amongst your memories told returning ways  
As certain as we walk today

Press over moments leaving you  
Out in the city running free  
Days pass as seconds turn the key  
The strength of the moment lies with you  
Out tender outward lights of you  
Shine over mountains make the view  
The strength of you seeing lies with you  
Ours entrance we surely carry on  
And change the passing as the sun  
We don't even need to try, we are one  
And I do think very well  
As the truth unfolds you silently  
They move time, rainbows, sunlight  
Alternate tune, alternate tune  
Rainbows, soft light, alternate view  
Sunlight tell me, someone  
Alternate view, alternate view  
Surely, surely
