

# What A Life

Mike Finnigan

Another crummy perfect day  
Waking up in L.A.  
Never thought that I would stay so long  
Dusty leaves and bees are hummin?  
Ten day says there?s no rain comin?  
The sun is shining ?cause  
It nearly always does  
What else can I say  
What a life  
What a life  
What a life we lead  
I?m just layin? here  
So wake me when it?s time to leave

Orange sky and ashes falling  
I can?t get home the car is stalling  
How lucky can I get?  
I am so fortunate  
What a Life  
What a Life  
What a Life we lead  
I?m just waitin? here  
So wake me when it?s time to leave  
Yeah, wake me when it?s time to leave  
Well, it?s another perfect day  
I guess I wouldn?t have it any other way.
