Porcupine Tree

A good impression of myself
Not much to conceal
I'm saying nothing
But I'm saying nothing with feel

I simply am not here
No way I..
Shut up, be happy
Stop whining please

And because of who we are
We react in mock surprise
The curse of "there must be more"
So don't breathe here
Don't leave your bags

I simply am not here
No way I..
Shut up, be happy
Stop whining please

The dust in my soul makes me feel the weight in my legs
My head in the clouds and I'm zoning out
I'm watching TV but I find it hard to stay conscious
I'm totally bored but I can't switch off

Only apathy for the pills in me
It's all in me, all in you
Electricity from the pills in me
It's all in me, all in you
Only MTV and cod philosophy

We're lost in the mall shuffling through the stores like zombies
What is the point, what can money buy

My hands on a gun and I find the range, God tempts me
What did you say; think I'm passing out

Only apathy from the pills in me
It's all in me, all in you

Electricity from the pills in me
It's all in me, all in you
Only MTV and cod philosophy

Only apathy from the pills in me
It's all in me, all in you
Electricity from the pills in me
It's all in me, all in you
Only MTV and cod philosophy

Water so warm that day
I counted out the waves
As they broke into surf
I smiled into the sun
Water so warm that day
I was counting out the waves
And I followed the short life
As they broke on the shore line
I could see you, but I couldn't hear you

You were holding your hat in the breeze
Turning away from me
In this moment you were stolen...
There's black across the sun

Water so warm that day
I counted out the waves
As they broke into surf
I smiled into the sun
