Positivity

Incognito

Get up, face the power, hey
Get upIt's early in the morning, the light outside is blinding
You don't want to know, you're so tired of complainin'
'Cos your nine to five ain't workin'
While your dreams, just seem to grow and growNothing's clear, it's so confusin'
Intuition's left you, there's no one left to turn to
Until you hear a voice within your heart
Telling you which way to go, don't you know?You have got to learn to please your mind, positively
Try and find a way to spend your time, in positivitySpend the days here waiting and all your nights in wishin'
Seasons come and go
As you sleep the tide is risin'
One by one your dreams are drownin'
While you stare and watch the waters flowNothing's clear, it's so confusin'
Intuition's left you, there's no one left to turn to
Until you hear a voice within your heart
Telling you which way to go, don't you know?You have got to learn to please your mind, positively
Try and find a way to spend your time, in positivityDon't spend your days
(Don't spend your days)
Watching the way
(Watching the way)Face the power
Got to please your mindTry and find a way to spend your time, in positivity
You have got to learn to please your mind, positively
(Positively)
Try and find a way to spend your time, in positivity
(Oh, yeah)You have got to learn to please your mind, positively
(Learn to please your mind, yeah)
Try and find a way to spend your time, in positivity
(Spendin' your time, oh yeah)
You have got to learn to please your mind, positively
(In positively, in positively, yeah)
Try and find a way to spend your time, in positivity
