The Great American Nightmare (feat. Howard Stern)

[Rob Zombie](#)

Dig deep down from Planet X, yeah
Thirteen ghosts in the devil's head
Step right up and feel the fire
Hardcore love of the never deadCall me the American nightmare
Call me the American dream
Call me your soul corrupted
Call me everything you needYeah, motherfucker
Yeah, who do you love
Yeah, motherfucker
Who do you love, yeahBlack boots stomp and penetrate, yeah
Lust and death gone in your head
Rat pack mind degenerated
Thirteen ghosts sing the body redCall me the dark intruder
Call me the haunted sea
Call me your Monster Zero

Call me your soul corrupted
Call me everything you needYeah, motherfucker
