

Turning Back Around

RHODES

There's water on the ground,
I don't know how shallow it is
Can you tell? Can you tell just by looking at it?
Well I need to get across,
But my hands are tied by my side
Can you swim, can you swim? Just by kicking out?
I didn't mean no harm,
I didn't mean no harm
Now I'm hidin' from everyone I know
Can't tell 'em what I know
I'm lyin' to everyone I know,
Can't tell 'em what I know
and oooh, I'm not turning back around!
You don't know how lonely I've been
Can you tell? Can you tell just by looking at me?
Well, I didn't mean no harm,
I didn't mean no harm
Now I'm hidin' from everyone I know
Can't tell 'em what I know
I'm lyin' to everyone I know,
Can't tell 'em what I know
and oooh, I'm not turning back around!
I'm not turning back around! [Outro:]
I heard you, I heard you on
I'm not turning back around!
I'm not turning back around!
