

Here Comes The Grump

Adam Ant

When you get a number one
The only way is down
And if you have a sticky patch
They start looking, start looking around
When you get a number one
The only way is down
And if you have a sticky patch
They start looking, start looking around
Listen close to what men say
Take what you want, what you want
What you want, what you want
And throw the rest away
Listen close to what men say
Take what you want, what you want
What you want, what you want
And throw the rest away
In the night when the things go bump
Think of me think
Here comes the grump
Here comes the grump, here comes the grump
Doctors said, "Adam, sex kills"
So come inside, come inside
Come inside, come inside
Come inside and die
Doctors said, "Adam, sex kills"
So come inside, come inside
Come inside, come inside
Come inside and die
When you get a number one
The only way is down
And if you have a sticky patch
They start looking, start looking around
When you get a number one
The only way is down
And if you have a sticky patch
They start looking, start looking around
When you get a number one
The only way is down
And if you have a sticky patch

They start looking, start looking around
In the night when the things go bump
Think of me think
Here comes the grump
Here comes the grump, here comes the grump
In the night when the things go bump
Think of me think
Here comes the grump
Here comes the grump
