

# The Ghetto

## One Be Lo

[Krayzie]

Kill me, son

Yo, it's on

Come follow me to the ghetto

(Dedicated to the hustlers)

Come follow me to the ghetto

(Hustlers in the hood)

Come follow me to the ghetto

(To the projects)1 - Come follow me to the ghetto

But this ain't a place that everybody can go

(You got to be a thug to know the love in the ghetto, ghetto)

Come follow me to the ghetto

No this ain't the place that everybody can go

(I say you got to be a thug to know the love in the ghetto, ghetto)Come follow me to the ghetto

But this ain't a place that everybody can go

(You got to be a thug to know the love in the ghetto, ghetto)

Come follow me to the ghetto

Nope this ain't the place that everybody can go

(I say you got to be a thug to know the love in the ghetto, ghetto)What a wonderful day off in the neighborhood

G-double O-D good mornin' to ya

(Wake up) get up, hey there, whassup?

Let's take a stroll through this place we call home

And everybody be knowin' your name

The PJ, where we tryin' to survive

Of all our good times after workin' all day

So we hangin' all night, drinkin'

Feelin' all right from the love in our community

You're a friend to me keepin' it real

Is what we done to get by day

You watch my back, you back is got

What a nigga from, it's like that

It ain't all good, then again, it ain't all bad

It's hard times, but some of the best times we don' had

Now can you feel me?Repeat 1And I gotta give my love to the projects nigga, feel me

We should let him know we ain't forgot

It's about this on your block

When they got a fist full a rocks, runnin' from the cops

Keepin' it real, they try to come up with a hundred dollar bill

If not, anything to get a meal is all right

It's all about that bank roll  
'cause when you're broke low, only the strongest survive  
I know people who vanish, so just do what you need  
Just demand to sit public or when they get business  
And if it's illegal, just play with your fears  
I hope I'm forgiven for robbin' and stealin'  
Stickin' your butts up for 50s and 20s  
Dollars, quarters, shit, even pennies, it don't make a difference  
I'm hungry, just give me, y'all feel that?  
Casualtie's caps get peeled back  
It's wild down here where we live at  
Real quick you could get killed, that's the way it goes  
You never know  
Givin' my peace to hustlers strugglin' in the ghetto, ah  
Tryin' to make that money, what we'll do to make that moneyRepeat 1What you know about hard time?  
What you know about the hard time?  
What they know about hard time?  
Say, what you know about that hard time?  
I can feel it, feel itHard time  
What they know about the hard time?  
What they know about hard time?  
Say, what you know about that hard time?  
I can feel it, feel it[O]  
Supercat told you that the ghetto's real hot  
But you's didn't listen  
So we gotta deliver another rendition  
For instance, everybody knows how it go  
1st of the Month, don't front, you did there before  
The place where random family confront you  
Cops will try to hunt you  
Cats will try to pump you and stunt you  
Nobody wants you to succeed, just fail  
The crabs in the bedroom theory  
Clearly the ghetto has it's ills, but hear me  
The streets is where I learned to chase goals instead of my tail  
Learned I wanted to sell lyrics instead of Yale  
Studio time instead of time in the cell  
I was compelled to excel  
But to appreciate heaven, gotta see hellRepeat 1 until end[Krayzie]
