Parking Lots

Plums

bent out boy in the car down the pavement
turn here thatâ€™s your place
glitter girl in the back of the basement
opened window frame

heather wanna see you soon
if you do
heather when Iâ€™m in your room
â€œlove me doâ€•

empty lot has a guest close to midnight
spilling out its sides
something of going on in the streetlight
mother sleeps just fine

heather wanna see you soon
if you do
heather when Iâ€™m in your room
â€œlove me doâ€•
