

Let Me Dream

Ozomatli

Woke up late today
Turn on the TV
I don't like what I see
Too much politricks
Not much reality
Will they ever here my plea?[Chorus:]
Leave me alone. Let me dream
I just want to change this world
Just let me dreamWoke up late again
Don't got no time to breath
Will I ever shake this theme?
Just got to face the day
This world is just too cruel
But all I want to do is dream[Chorus:]
