Into The Street

The Twilight Singers

One early morn, I couldn't sleep
I poured myself into the street
I watched the world from off a cloud
I saw the people quarrelling out loudSo sand, the wind
A brighter day
Will come againShut out the lights
Turn down the bed
Whatever get you through your hed
Unlock the door
Throw away the key
We don't want the spirits watching
As they hover over you and meAnd as they dance
They call their way around
They come, they often go
They know
They often go lowMy little girl
Where did you go?
I cannot find you anymore
Angel sweet
Angel bright
Come on back to me
I promise you the wall will fall with meThe way I'm goin' down
This time I'm goin' down
I can't fight
I'm goin' down
Goodbye
