

# I Am Legend

## Analytical

Yeah, when I'm in the sky  
I'm too far away gotta kick in to feel it  
Terminate another no one is my brother  
Yeah, the sun burns on me  
Well, hell is home tomb city stone  
Nail me to another cross  
(Yeah)  
Pour the gasoline, yeah burn the fucker clean  
Tell me who'd she coo I want her  
Like a suicide flex hit the run and hide  
Tell me who'd she coo shine the body  
Yeah, omega man say  
"It's all gone away, I cannot believe it"  
Well, I am the one a God with a gun, I am Legend  
Planet grave hard kill the slave  
Nail me to another cross  
(Yeah)  
Pour the gasoline, yeah burn the fucker clean  
Tell me who'd she coo I want her  
Like a suicide flex hit the run and hide  
Tell me who'd she coo shine the body  
Vampire sharpshooter "O", I said  
"A messenger for the damned"  
I got a holy gun come a loaded to kill everything that I am  
Well, I am the only nitty-gritty  
Ride a rail and look at the crime, yeah  
Well, I am the only one they can find  
(God)  
Pour the gasoline, yeah burn the fucker clean  
Tell me who'd she coo I want her  
Like a suicide flex hit the run and hide  
Tell me who'd she coo shine the body, yeah
