Forever Yours

Scarlet Fade

Verse:
Slowly, on my knees
Im falling to a drama scene
And I cant quite, make this out
But it seems like everyone is falling
Falling out of loveChorus:
This is not ok
If Im gonna love you
Im gonna do it my way
This is not how it works
If I do not know you
I dont want to be forever yoursVerse:
Holding, on so tightly
Breaking, every time you call me
Time is counting down the moments
When we should be honest
Ive gotta do whats bestBridge:
Its hard to be lonely
But I cant let you
Take what is mine
