Doesn't Really Matter

Girl Talk

There was a time when I heard drama in mono
It's to my left and right just like stereo
Problems circumstances do you feel me yo?
Need some clarity homie that's why I won't let my hair grow
Been acting the part like I got my own TV show
Anxiety just like an amateur on Apollo
Like Annie hope the sun will come out tomorrow
To pay my cell phone bill I guess I'm gonna have ta borrow
I won't bow to the sound of adversity
Won't let it get the best of me
When it seems impossible just keep on believing
I don't have to receive the report of the enemy
You can't go by what you see
Just follow the trust theory
Doesn't really matter what he says
Doesn't really matter what she says
Doesn't really matter what they say
Because I say what did God say?
Doesn't really matter what the doc says
Doesn't really matter what the test says
Doesn't really matter what the world says
Because I say what did God say?
There's a mother somewhere crying this evening
The doctor told her that she could not conceive and
She's miscarried 6 times upon Stephen
That's her husband's name and he's from Cleveland
He said, "I love you" and he tried to console her
Prayed together, cried together, held one another
But something said to him that she's still gon' be a mother
He remembered what the doctor said and he said, "So what"
I won't bow to the sound of adversity
Won't let it get the best of me
When it seems impossible just keep on believing
I don't have to receive the report of the enemy
You can't go by what you see
Just follow the trust theory
Doesn't really matter what he says
Doesn't really matter what she says
Doesn't really matter what they say

Because I say what did God say?
Doesn't really matter what the doc says
Doesn't really matter what the test says
Doesn't really matter what the world says
Because I say what did God say?
Doesn't really matter what he says
Doesn't really matter what she says
Doesn't really matter what they say
Because I say what did God say?
Doesn't really matter what the doc says
Doesn't really matter what the test says
Doesn't really matter what the world says
Because I say what did God say?
AppleJaxx Ephesians 6 don't mix the pharisee it twist
Walk and talk immaculate vision this
180 styling grinding pellets
Don't phase me
Elegance in Enoch, elect one bless Thee
His phraseology send distinctive and
Yeshua has the last word, forget what you heard
Jireh superb I'm Nureaupean Qua
Doesn't really matter, doesn't really matter
Doesn't really matter, doesn't really matter
Doesn't really matter what they say
Because I say what did God say?
Doesn't really matter, doesn't really matter
Doesn't really matter, doesn't really matter
Doesn't really matter what the world says
Because I say what did God say?
Doesn't really matter, doesn't really matter
Doesn't really matter, doesn't really matter
Doesn't really matter what they say
Because I say what did God say?
Doesn't really matter
Doesn't really matter
Doesn't really matter what the world says
Because I say what did God say?
