

# The Baddest

## Fiend

Remindin' you bitches of who the baddest  
Remindin' you bitches of who the baddest  
Remindin' you bitches of who the baddest All about the beats 'cause I bring the heat to the streets  
About to act bad and I ain't been home for a week  
I wanna see heat and I also wanna see ends meet  
The last high that I had was the jail house heat Gotta go 223, that's the waitin' in the shade  
A lot of people about to end up dead, runnin' around  
With their lead bein' followed by the nigga hatin' feds  
I had to ask them, "What's that in your hand", all I said Picture Fiend with this, they made me do it my friend  
And I make 'em see it end 'fore you 'bout to take me in  
See shit spin, I'm tryin' to get the crack in the day  
Word on the streets, you really got it happenin' your way Yeah, I'm rappin' away but not to keep me out the pen  
But since I'm out, I'm out to test the hearts of men  
See this wimpy grin, it mean one seven he die  
With cabbage aside, you bitches still gonna be the baddest alive I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what, say what  
I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what, say what I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what, say what  
I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what My name is Fiend, damn right, I'm a attack his trailer  
C told me look a man in the eyes 'fore you kill him  
Ain't too many niggas really got on the billin'  
To better pockets, ready for some violent killin' Now get the puff in the Cutlass at the down south buck it  
Takin' other peoples shit, lovin' every minute of it  
You know what it takes to go against odds  
Watchin' my back with some niggas like Keke and Boz Jump in my 81 ride, lookin' for prey in the meal  
Gimme everythin', I'll see if this tank is for real  
I dish this raw deals to keep this ghetto 'peal  
I think I truly love [Incomprehensible] For somebody gettin' through me  
My hunger make sure ain't no human bein'  
At the war place speak, alone at street stories and ties  
And remember, no sleepy eyes, I'm the baddest alive I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what, say what  
I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what, say what I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what, say what  
I'm still the baddest motherfucker alive  
I'm still the baddest motherfucker alive, say what, say what

Baddest, baddest, baddest, baddest, baddest
