For a Friend

Jimmy Somerville

I never cried the way I cried over you
As I put down the telephone and the world it carried on
Somewhere else, someone else is crying too
Another man has lost a friend, I bet he feels the way I doAnd now I'm left without, but you're here within
As I watch the sun go down, watching the world fade away
All the memories of you come rushing back to me
As I watch the sun go down, watching the world fade away
All I want to do is kiss you once goodbyeSummer comes and I'd remember how we'd march
We'd march for love and pride, together arm in arm
Tears have turned, turned to anger and contempt
I'll never let you down, a battle I have foundAnd all the dreams we had, I will carry on
As I watch the sun go down, watching the world fade away
All the memories of you come rushing back to me
As I watch the sun go down, watching the world fade away
All I want to do is kiss you once goodbye, goodbye
Goodbye, goodbyeAnd all the dreams we've had, I will carry on
As I watch the sun go down, watching the world fade away
All the memories of you come rushing back to me
As I watch the sun go down, watching the world fade away
All I want to do is kiss you once goodbye, goodbyeAnd all the dreams we've had, I will carry on
As I watch the sun go down, watching the world fade away
All the memories of you come rushing back to me
As I watch the sun go down and darkness comes to me
All I want to do is kiss you once goodbye
