Once Again

Steve Lukather

Just another day, just another moment
I really miss the touch of your hand
My broken heart it bleeds
So now i must concede
That it's over nowI don't understand, why we didn't make it
It seemed so right so many years ago
My empty soul it cries
No matter how hard to try
I gotta let it go
When i look in your eyes
I can see the memories
I remember the times, we had
The laughter and the history
I just lost my dearest friend.
And i'm alone Once Again
The years they pass so fast,
I can't catch my breath
I wake up every day,
you're still not there
I think about the past
And why it didn't last
And the love we shared.CHORUS
