Noble Heart

PHOX

Did they already tell you?
I'm a low-level poison to drink through
I'd like to prove them wrong
But patterns show they're telling the truthAnd yours is a noble heart I don't deserve to holdPlease, somebody make me weak
Keep me away from the sea
But sirens, I swear, are the death of me
I want the mouths of all who singAnd yours is a noble heart I don't deserve to holdOh, this scarlet lust has got its claws in me
It's taken over me
It's ruined what I could be for any man at all
But if you decide the two of us may be together endlessly
Blindly, oh blissfully, I'll gladly forgo them allI'll gladly forgo them all.
