

Get Thy Bearings (Album Version)

Donovan

From the album the hurdy gurdy man Get your bearings, know your time.

Don't you worry, weather's fine.

All the world knows what I'm saying,

All the world knows what I'm saying,

The world knows fine well.

Get together, work it out,

Simplicity is what it's about.

All the world knows what I'm saying,

All the world knows what I'm saying,

The world knows fine well.
