If We Fall In Love

Yeng Constantino & RJ Jimenez

There will be no ordinary days for you
If there is someone who cares like I do
You have no reason to be sad anymore
I'm always ready with a smile
With just one glimpse of you
You don't have to search no more
Cause I am someone who will love you for sure soIf we fall in love
Maybe we'll sing this song as one
If we fall in love
We can write a better song than this
If we fall in love
We will have this melody in our heads
If we fall in loveAnywhere with you would be a better place
You can watch sad movies in a different light
So I'll be right there beside you
Hugging you oh so tight (oh so tight)
Your hands will never feel so cold and empty againCause I will keep on holding on and won't let go (never let you go)
You don't have to search no moreCause I am someone who will love you for sure so
If we fall in love
Maybe we'll sing this song as one
If we fall in love
We can write better a song than this
If we fall in loveWe will have this melody in our heads
If we fall in love
Anywhere with you would be a better placeFeel so good when you're around
One smile from you (one smile from you)
Be mine, this feel so right so
If we fall in love
Maybe we'll sing this song as one
If we fall in love
We can write better a song than this
If we fall in love
We will have this melody in our heads
If we fall in love
Anywhere with you would be a better place
