

# Up All Night

## Public Transport

Yeah, I'm a little tired, I'm a little wired  
Four pots of coffee in the last eight hours  
    Pacing the floor all the way through  
Late, late movies and the early cartoons  
    Now you're wanting me to believe  
    You ain't fooling around on me  
    Even through bloodshot eyes  
    I can see right through your lies  
    Might've been born yesterday  
    But I've been up all night  
    Despite the caffeine and the lack of visine  
    I'm not as wide eyed as I seem  
    You left looking fine, now you come back home  
    Your hair messed up and your blouse buttoned wrong  
    I'd have to be a fool to believe  
    Anything you're telling me  
    Even through bloodshot eyes

I can see right through your lies  
    Might've been born yesterday  
    But I've been up all night  
    Never went quite as far as loving you blind  
    But you had me in the dark for a long, long time  
    Now you're looking at a man who's seen the light  
    So pardon the way I look  
    Sunset to sunrise, haven't slept a wink  
    But I feel like I just woke up  
    Even through bloodshot eyes  
    I can see right through your lies  
    I might've been born yesterday  
    I've been up, I've been up, I've been up  
        I've been up all night  
        I've been up all night  
        I've been up all night  
        I've been up all night
