New Slave Nation

Crossbreed

I am scared of nothing
I'm a slave, to machines
I live and die a recreation.
of my dreams
It's time to bleed.
it's time for me
The New Slave Nation
To live above.
the darkness melts away
it never leaves
Silence means we have
nothing left to say.
it's all in me
We should have out own
national holiday.
to fuck the slaves
New-Slave-Na-tion
It's time to bleed:
it's time for me,
The new slave nation.
It's time to bleed,
it's time for me
The New Slave Nation
