Blisterhead

So you're just barely gettin' by, not hurtin' no one
Sometimes you think that you're alright, sometimes you have fun
But on the way someone confronts you and tries to shut you up
You're having trouble at your home, you want to get out
But you've got nowhere else to go, you gotta get out
But on the way someone confronts you and tries to tell you that
You're goin' nowhere with your life, whoa
You better listen to what's right, whoa
But don't you see that I can't hear you, hey hey hey
Yeah, so you're just barely gettin' by, not hurtin' no one
Sometimes you think that you're alright, sometimes you have fun

But don't you see that I can't understand
But don't you see that I can't hear you
I can't hear you, hey hey hey
You're goin' nowhere with your life, whoa
You better listen to what's right, whoa
You're goin' nowhere with your life, whoa
You better listen to what's right, whoa
And don't you see that I can't hear you
I can't hear you, hey hey hey
