## Smashing Pumpkins

Got me a raygun  
Got me an altitude  
Can't help feelin'  
Somethin's wrong with everyone of you  
Inside your head  
Trust me instead  
Inside your head  
Talk revolution  
As if it matters now  
I don't care anyway  
Just give me what I want  
Inside your head  
Trust me instead  
Inside your head  
Oh, oh, oh, oh  
Ooh, ooh, yeah  
Fill me with your little whispers  
Store your little nightmares  
  
Of a generation said to burn  
Come on honey  
Let's go for a ride  
Down where the crickets  
Learn to sing and play, baby  
Inside your head  
Trust me instead  
Inside your head  
Trust me instead  
Inside your head  
Trust me instead  
Inside your head  
Trust me instead  
Inside your head  
Yeah  
Yeah  
It's a motherfucka  
Oh, ooh  
Whew!
