

Tippy Toes

Robin Thicke

She has her favorite song, screams at her friends
Lands on the couch, takes another sip
Man when you see her you'll be standing with an open mouth
Cause she's the Eiffel tower and she's new in town
She be dancing on her tippy toes, her tippy toes
Dancing on her tippy toes, her tippy toes
Now everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy tippy toes
Dancing on her toes, dancing on her toes
Dancing on her tippy toes, her tippy toes
Everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy toes
She's a faith from a ... in a gust of wind
On a road in the clouds never has to land
Right now is the day where the story begins
She's the leader of the movement never heart lands
.. girl as her mom and dad
She ain't greedy cause she wants so much more than she has
When she looks in the mirror she can love herself
Cause she doesn't want to be like anybody else
When the world, when the world comes crumbling down
She'll change your .. to a smile when you're wearing a frown
Can I please have your attention, people gather around
Cause she's a northern lights, she's new in town
She be dancing on her tippy toes, her tippy toes
Dancing on her tippy toes, her tippy toes
Now everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy tippy toes
Dancing on her toes, dancing on her toes
Dancing on her tippy toes, her tippy toes
Everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy toes
She's sweet like the beginning and the end of summer
Little kisses on your face make you want to love her
Never walks, only skips and shakes and struts
She can twerk but she'd rather dip, bounce, and bust
She has her favorite song, screams at her friends
Lands on the couch, takes another sip
Man when you see her you'll be standing with an open mouth
Cause she's the Mona Lisa and she's new in town
She be dancing on her tippy toes, her tippy toes
Dancing on her tippy toes, her tippy toes
Now everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy tippy toes
Dancing on her toes, dancing on her toes
Dancing on her tippy toes, her tippy toes

Everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy toesAngel lies, angel lies, angel lies on the floor
Angel lies, angel lies, angel lies on my door
Angel lies, angel lies, angel lies on my bed
Angel lies, angel lies, only you in my head
Angel lies, angel lies, having so much fun
Angel lies, angel lies, always on the run
Angel lies, angel lies, if you open and run
You'll see you should be tippy toeing with meShe be dancing on her tippy toes, her tippy toes
Dancing on her tippy toes, her tippy toes
Now everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy tippy toes
Dancing on her toes, dancing on her toes
Dancing on her tippy toes, her tippy toes
Everywhere my baby goes is tippy toes
She be dancing on her tippy tippy tippy toes
