

# The Cup of Salvation

Marvin Morrow

## The Cup of Salvation

It was in the upper room when Jesus took the cup  
After He gave thanks He said "This is my blood"  
He gave to His disciples saying "Drink it all up  
My blood is your salvation, drink and pass the cup"

Take the cup of salvation and pass it around  
Go to every nation in to every town  
There are souls to be rescued and lost to be found  
Take the cup of salvation and pass it around.

Paul gave the cup to the gentiles he took the cup to Rome  
He passed the cup in the jail house and into the jailers home  
It's been passed down through the ages by old soldiers of the cross  
Who even gave their own lives carrying it to the lost

Take the cup of salvation and pass it around  
Go to every nation in to every town  
There are souls to be rescued and lost to be found  
Take the cup of salvation and pass it around.

Take the cup of salvation and pass it around  
Go to every nation in to every town  
There are souls to be rescued and lost to be found  
Take the cup of salvation and pass it around

Take the cup of salvation and pass it around
